

Jack's Salute®

IFG 067-219 – IFG Nine

■ Description

- Mid to late season, oval to elongated red seedless
- High productivity and large bunches
- Good natural berry size with no treatments - 23 x 30 mm
- Firm to crispy; good flavor
- Naturally loose; zero to 1 ppm thinning
- Single 10 ppm sizing
- Girdling causes greater sunburn and poorer coloring – not recommended
- Very easy to grow
- Stores well
- Good reception worldwide
